Clay County Wind Speed Lines Description

Wind speed lines.
(a) The 110 mph wind speed line shall lie co-extensive with the centerline of State Road 15, also known as U.S. Highway 17, said centerline running south from its intersection with the border common to Clay County and Duval County to its intersection with the border common to Clay County and Putnam County; and,

(b) The 100 mph wind speed line shall lie co-extensive with the entire westerly boundary of Clay County, said boundary running south from the Duval County line at the northwest corner of Clay County to the Putnam County line at the southwest corner of Clay County.
